Los Angeles Unified School District
TUBERCULOSIS PHYSICIAN/CLINIC FORM

Dear Volunteer:

All volunteers must be free of active tuberculosis (TB) before they start volunteering. A TB skin test (Mantoux) is mandatory, as stated in California Health and Safety Code §121545 TB Test School Volunteers. This must be done within six months prior to service. Multiple puncture tests are not acceptable. If the Mantoux test is positive, a chest X-ray will be required. Chest X-rays without a history of a previous positive Mantoux cannot be accepted.

Please take this form to a private physician, clinic, or public health agency. If you are unable to pay the fee required by a public health agency, you may request to have the fee waived by the agency. If denied a waiver, you are still responsible for any costs incurred.
