

Arrival & Drop Off

(this is the confusing stuff, please read carefully!)

Please look at the particular service your child will be attending (and their age) as the information is different for each.

We are asking that ALL ELEMENTARY KIDS arrive in their designated rooms 20 minutes before the service. This will enable us to get the kiddos lined up and moved into the Sanctuary by the time the service begins. This means you will need to arrive a little earlier in order to get through the check-in process and get them to their places on time.
