

THE NEED FOR PERSPECTIVES

Two-thirds of the world's population is located in the 10/40 window, an area covering North Africa, the Middle East, and Asia. The window contains most of the world's areas of greatest physical and spiritual needs, most of the world's least-reached peoples and most of the governments that oppose Christianity. In areas of the 10/40 window, there is only one missionary for every one million people.

Put yourself in Perspectives

There are 800+ million obese people in the world and interestingly enough there are 800+ undernourished people in the world. You'd think there should be a way to redistribute food to even that out. In missions, only about 1% of Christian workers are focusing on the 2/3rds of the world's population that are unreached people groups. If an undernourished person dies of malnutrition, a precious life is lost, but if one of the 2/3rds dies without hearing about Jesus, that precious life is eternally lost.

Put yourself in Perspectives

Americans are estimated to spend \$1.12 billion on Halloween costumes for their pets. But only \$450 million is given towards mission work among unreached people groups. (National Retail Federation)

Put yourself in Perspectives

There are over 700 million people with no access to a safe drinking water source. There are about 1,636 ethnic groups that do not have a Bible translated into their own language. 220 million people without any Bible in their native language and 1.29 billion people who do not have access to a full Bible in their language. Living Water will quench life's greatest thirst; it just needs to be delivered.

Put yourself in Perspectives

The Perspectives Course meets one night a week for 15 weeks. It costs \$240 plus books, but you get a free full meal before each session and a full meal of exciting and life changing inspiration.
